Nisonger Center Needs Assessment

The Ohio State University Nisonger Center is conducting a needs assessment in preparation of developing their 5 year strategic plan. Nisonger conducts research, offers education/training, and provides clinical services, supports, and technical assistance to people with developmental disabilities and their families.

Below is a link to the state-wide ***Needs Assessment Survey***. It should take between 10-15 minutes to complete. Input from individuals with disabilities, families, providers and other stakeholders will help Nisonger identify the important areas of needed supports and services for people with developmental disabilities in Ohio. Please click on the link below to complete the survey:
