

Franklin County Board of Developmental Disabilities

'Helping people to live, learn and work in community'

NewsBits

Empowering Youth

The Center for Disability Empowerment has developed an exciting program called Empower **Youth** Ohio to provide youth with disabilities who reside in Franklin and Delaware Counties (ages 17-26) with resources, training and a community wide support system. The goal is to bridge the gap between many different disabilities by establishing connections, developing advocates, and promoting lasting education. Click here -> <http://www.empoweryouthohio.org/about.html> to learn more about their vision.

Youth and their families are invited to an informational session to discuss the ways Empower **Youth** Ohio will help those with disabilities (ages 17-26) in search of self advocacy, independent living skills or to simply connect with like minded individuals.

Click here-> <https://www.facebook.com/EmpowerYOUthOhio/> to register for the informational sessions held in Delaware County on June 28th from 5:30 to 7:30 pm and Franklin County on June 29th 5:30 to 7:30 pm or to learn how you can win a \$50 gift card.
