Creative Housing Leads Safety/Accessibility Discussion

As a community service, Creative Housing/Creative Renovations, in conjunction with *'This Week'* Community News, has created a month long home safety community awareness campaign. The goal is to reach out to seniors, their families, and caregivers to stress that, as people age, it is important to make adjustments to homes to prevent falls and support continued independence.

Look for Home Safety Month accessibility tips and information throughout March in *'This Week'* newspapers or click on the following link for home safety/accessibility tips: www.accessibilityrenovations.org
