Please note corrected date for 40 and older....

Vaccine Eligibility

Governor DeWine announced this morning that individuals age 16 and older will be eligible to get the COVID-19 vaccine beginning on March 29, 2021. He also announced that those 40 and older and those who have cancer, chronic kidney disease, COPD, heart disease and obesity, can begin getting the vaccine on this Friday, March **19**, 2021.
