Clark Mount-Campbell Remembered

We are saddened to report that Clark Mount-Campbell, long time Board member for ARC Industries, passed away on September 25, 2021. Clark became a member of the ARC Industries Board in 1982 and continued on with the Board until his passing. According to Bob Gaston, CEO of ARC Industries "Clark has been a steady and invaluable Board member and friend to many, providing leadership that has allowed for continued stability through the many required changes over the years. He will certainly be missed."

Arrangements for Clark are being handled by Schoedinger Funeral Services:
