Adaptive gaming makes gaming more accessible – for everyone!

Join us at **1 p.m. March 29** for a fun, informative and free webinar on accessible video gaming with Brad and Dan of [All Access Life](#).

Dan began working with Brad, who has nonverbal spastic quadriplegic cerebral palsy, about a decade ago as Brad's aide during school. They developed a close friendship and now operate a nonprofit sharing their experiences with adaptive products and assistive technologies. Expect great tips and cool demonstrations during their online presentation.

The webinar is co-sponsored by the Ashtabula, Delaware, Franklin, Guernsey and Hancock county DD boards. Register here for free:
